Home and School

January 12, 2010

Thank you for participating in our Home & School survey to determine where our funds would most benefit our school. The results are: 1) Server upgrade and web filter; 2) Smart Board; 3) Text books. The school is in the process of getting the Server upgraded as soon as possible. It has come to our attention, however, that the school is in immediate need of a new milk cooler. The school has already received a grant from Orschlen's to help with a purchase of a new one, but are needing \$500-\$700 more to purchase a new one. We are asking each family to please vote yes or no on this purchase. This purchase would take priority over the Smart Boards that were previously approved. We are still hoping to purchase some Smart Boards, but will need to reevaluate our finances first. Please submit your vote to the school at mrsloftus@stpeterfultonmo.org as soon as possible. Thank you again for supporting our school!
